

At Home Outdoors

SINCE 1979 GARPA HAS PUT THE FINISHING TOUCH TO UNIQUE GARDENS. TIMELESSLY BEAUTIFUL FURNISHINGS ARE A SOURCE OF PRIDE AND WRITE HISTORY.

It all began in Escheburg. In our Company Headquarters with its windows open to the world. Responsibility, respect and reliability - Garpa transforms immaterial values into garden furniture of superb quality. Wherever places of longing become home.

Furnish outdoor spaces in the great country tradition or set modern accents: the exquisite Garpa Collection offers holistic furnishing ideas for every garden haven - and is an invitation to write a very personal story.

With garden furniture for generations.

Sustainable Ideas for Lasting Values

Garpa sources all of its **FSC-certified teak** exclusively from plantations. Steel, stainless steel, and aluminium are brushed by hand, satin-finished, galvanised, powder-coated or anodised.

The northern German company also produces extremely durable garden furniture made of synthetic weave and synthetic resin, as well as high-quality fabrics. All **materials** are resistant to external influences such as UV radiation, moisture, and frost.

Attention to detail distinguishes every design. Craftsmanship and innovative technology give it form. In the process each individual part receives the unique shape it needs for the finished product to be comfortable, functional and aesthetically pleasing.

The furniture is manufactured in small quantities, in selected factories. Design, conservation of resources, perfect craftsmanship, and maximum comfort set standards and establish a clear counterpoint to fast consumption.

Welcome Guests at Garpa

At selected locations in Germany, Austria, Switzerland, and Poland, Garpa presents a cross-section of the exquisite Collection in various showrooms. In the UK, the experienced staff of our **sales office** are available by telephone or by e-mail for your questions and orders.

Service and Inspiration

From personalised advice and free delivery on approval, to the extended guarantee - customers enjoy many benefits at Garpa. Information and stimulation are to be found on the comprehensive Garpa **website**.
